This exam is designed for candidates looking to demonstrate foundational-level knowledge of cloud services and how those services are provided with Microsoft Azure. The exam is intended for candidates with non-technical backgrounds, such as those involved in selling or purchasing cloud-based solutions and services, or who have some involvement with cloud-based solutions and services, as well as those with a technical background who have a need to validate their foundational-level knowledge around cloud services. Technical IT experience is not required, however, some general IT knowledge or experience would be beneficial. This exam can be taken as an optional first step in learning about cloud services and how those concepts are exemplified by Microsoft Azure. It can be taken as a precursor to Microsoft Azure or Microsoft cloud services exams. While it would be a beneficial first step, validating foundational-level knowledge, taking this exam is not a prerequisite before taking any other Azure-based certifications. Preparing for the Microsoft Azure Fundamentals exam AZ-900 to become Certified by Microsoft? Here we have brought 90+ Exam Questions with explanations for you so that you can prepare well for this exam. Unlike other online simulation practice tests, you get an eBook version that is easy to read & remember these questions. You can simply rely on these questions for successfully certifying this exam.
