weakly dominated strategy. For player 1 the lowest payoff for any pure strategy s_1 is -1 .

This occurs if player 2 makes an opposite call and the total number of fingers is even. Let s_1 be the strategy where the number of fingers player 1 raises is changes.

File Type PDF

Answers To

Player 1 now gets a payoff of 1. Thus s_1 does not weakly dominate s_1 . A symmetric argument holds for player 2.
