In Romania, ca peste tot in lume, sistemul educativ este intr-o permanenta transformare, insa in tara noastra, de cele mai multe ori, procesul schimbarii pare haotic, daca nu chiar diletantist. Constantin Cucos incearca sa identifice o serie de inovatii din invatamint, sa evidentieze blocaje sau provocari, dar si puncte la care inca mai este de lucru. Elevii si studentii ar trebui sa aiba un cuvint de spus in privinta educatiei pe care o primesc? Cum trebuie formati profesorii? Intra scoala din Romania cu adevarat in era digitala? Cit de benefic este homeschooling-ul? Se acorda suficienta atentie plagiatului? Acestea sint doar citeva dintre intrebarile la care raspunde Educatia. Reintemeieri, dinamici, prefigurari, o carte ce se adreseaza atat studentilor care se pregatesc pentru o cariera in sistemul de invatamint, corpului profesoral, pedagogilor,

“ A big, bold, brilliantly crafted page-turner with HUGE ideas that challenge every last view about how the world works. This is both a primer to understand the law of attraction and the essential book of our age. ” — Jack Canfield, author of The Success Principles(TM) and featured teacher on The Secret(TM) “ One of the most powerful and enlightening books I have ever read. A magnificent job of presenting the hard evidence for what spiritual masters have been telling us for centuries. ” — Wayne W. Dyer During the past few years science and medicine have been converging with common sense, confirming a widespread belief that everything—especially the mind and the body—is far more connected than traditional physics ever allowed. The Field establishes a new biological paradigm: it proves that our body extends electromagnetically beyond ourselves and our physical body. It is within this field that we can find a remarkable new way of looking at health, sickness, memory, will, creativity, intuition, the soul, consciousness, and spirituality. The Field helps to bridge the gap that has opened up between mind and matter, between us and the cosmos. Original, well researched, and well documented by distinguished sources, this is the mind/body book for a new millennium.

WINNER OF THE NOBEL PRIZE IN LITERATURE WINNER OF THE MAN BOOKER INTERNATIONAL PRIZE NATIONAL BOOK AWARD FINALIST FOR TRANSLATED LITERATURE A visionary work of fiction by "A writer on the level of W. G. Sebald" (Annie Proulx) "A magnificent writer." — Svetlana Alexievich, Nobel Prize-winning author of *Secondhand Time* "A beautifully fragmented look at man's longing for permanence.... Ambitious and complex." — Washington Post From the incomparably original Polish writer Olga Tokarczuk, *Flights* interweaves reflections on travel with an in-depth exploration of the human body, broaching life, death, motion, and migration. Chopin's heart is carried back to Warsaw in secret by his adoring sister. A woman must return to her native Poland in order to poison her terminally ill high school sweetheart, and a young man slowly descends into madness when his wife and child mysteriously vanish during a vacation and just as suddenly reappear. Through these brilliantly imagined characters and stories, interwoven with haunting, playful, and revelatory meditations, *Flights* explores what it means to be a traveler, a wanderer, a body in motion not only through space but through time. Where are you from? Where are you coming in from? Where are you going? we call to the traveler. Enchanting, unsettling, and wholly original, *Flights* is a master storyteller's answer.

'I believe that 'emotion' is where it's at' Tom Peters For far too long, emotions have been ignored in favour of rationality

and efficiency, but breakthroughs in brain science have revealed that people are primarily emotional decision-makers. Many companies have not yet accepted that fact, much less acted on it. In this fully revised edition, Emotionomics will help you to understand emotions in terms of business opportunities - both in the marketplace and in the workplace. In today's highly competitive marketplace where many products look alike, it is the emotional benefit that can make the difference. At the same time, companies with engaged, productive work forces will undoubtedly achieve competitive advantage. Dan Hill's book draws on insights gathered through facial coding, the single best viable means of measuring and managing the emotional response of customers and employees, to help you to leverage emotions for business success in terms of branding, product design, advertising, sales, customer satisfaction, leadership and employee management. Emotions matter and Emotionomics will help you to step closer to customers and employees, but step ahead of your competitors.

“ An eye-opening look into the story of Knight before his multibillion dollar company. ” —School Library Journal “ A great story about how an ambition turned into a business...serves as a guide for accomplishing great things. ” —VOYA In this young reader ' s edition of the New York Times bestseller, Nike founder and board chairman Phil Knight “ offers a rare and revealing look at the notoriously media-shy man behind the swoosh ” (Booklist, starred review), opening up about how he went from being a track star at an Oregon high school to the founder of a brand and company that changed everything. You must forget your limits. It was only when Nike founder Phil Knight got cut

from the baseball team as a high school freshman that his mother suggested he try out for track instead. Knight made the track team and found that not only could he run fast but also, more importantly, he liked it. Ten years later, young and searching, Knight borrowed fifty dollars from his father and launched a company with one simple mission: import high quality running shoes from Japan. Selling the shoes from the trunk of his car to start, he and his gang of friends and runners built one of the most successful brands ever. Phil Knight encountered risks and setbacks along the way, but always followed his own advice. Just keep going. Don't stop. Whatever comes up, don't stop. Filled with wisdom, humanity, humor, and heart, the young readers edition of the bestselling Shoe Dog is a story of determination that inspires all who read it. The Young Readers Edition is an abridged version of the internationally bestselling adult book and it features original front matter and back matter, including a new introduction and "A Letter to the Young Reader" containing advice from Phil Knight for budding entrepreneurs.

„Deschis în fața suprarealismului, a literaturii onirice, a noului val (Nouveau Roman), N. Steinhardt le apreciază în măsura în care dislocările, discontinuitatea, descompunerile, fracturile de limbaj ori de realitate imaginară sunt urmate de o recompunere, de o reunificare, de o reasamblare după alte coordonate. Pentru că el, pe urmele lui Charles Péguy, consideră că Roul este cel care «nu se compune», care se opune organizării vieții spiritualizate. Cel care în textele sale interbelice, în special în cele din Revista burgheză, aducea un elogiu formelor ca expresii ale onorabilității sociale nu putea desconsidera acum ideea de formă, dimpotrivă. Ceea ce privește el cu condescendență este miza totalitară pe formă, forma
