Church, Religion and Society in Early Modern Spain by ...

Various sociological classifications of religious movements have been proposed by scholars. In the sociology of religion, the most widely used classification is the church-sect typology. The typology states that churches, ecclesia, denominations and sects form a continuum with decreasing influence on society. Sects are break-away groups from more mainstream religions and tend to be in tension with society. Cults and new religious movements fall outside this continuum and in contrast to aforement

Despite this encroachment, the role of religion in society remains indispensable. The 19th-century commentator on democracy Alexis De Tocqueville said, “When any religion whatsoever has cast deep roots within a democracy ... preserve it carefully as the most precious inheritance.” Religion today remains a most precious inheritance. Properly preserving this inheritance will require renewed respect for religious liberty and the democratic principles that support it.
