daunting and having gone through that experience myself, I thought a book like this would be helpful to students around the world. I have tried to keep it concise, succinct, and as brief as much as possible; the last thing a student need is reading a lengthy guide on how to write their onerous project. Most of the chapters cover topics every student will find useful regardless of their course of study. This book covers essential policies, guidelines and procedures set out in the code of practice for writing projects in most reputable universities around the world.
