for researchers, students and industry professionals. It is important reading for anybody working in sport management or sport business, whether inside the US or around the world.

Contemporary Mathematics for Business and Consumers is a 21-chapter educational adventure into today's business world and its associated mathematical procedures. The book is designed to provide solid mathematical preparation and foundation for students going on to business courses and careers. It begins with a business-oriented review of the basic

Download Ebook Contemporary Mathematics For Business Consumers

operations, including whole numbers, fractions, and decimals. Once students have mastered these operations, they are introduced to the concept of basic equations and how they are used to solve business problems. From that point, each chapter presents a business math topic that utilizes the student's knowledge of these basic operations and equations. In keeping with the philosophy of "practice makes perfect," the text contains over 2,000 realistic business math exercises--many with multiple steps and answers designed to prepare students to use math to make business decisions and develop

Download Ebook Contemporary Mathematics For Business Consumers

critical-thinking and problem-solving skills. Many of the exercises in each chapter are written in a "you are the manager" format, to enhance student involvement. The exercises cover a full range of difficulty levels, from those designed for beginners to those requiring moderate to challenge-level skills.

This book explores how clothing consumption has changed in Russia in the past 20 years as capitalism has grown in a postsocialist state, bringing with it a "consumer revolution." It shows how there has been and continues to be a massive change in the

Download Ebook Contemporary Mathematics For Business Consumers

fashion retail market and how ideal lifestyles portrayed in glossy magazines and other media have contributed to the consumer revolution, as have shifts in the social structure and everyday life. Overall, the book, which includes the findings of extensive original research, including in-depth interviews with consumers, relates changes in fashion and retail to changing outlooks, identities, and ideologies in Russia more generally. The mentioned changes are also linked to the theoretical concept of fashion formed in postsocialist society.
