Fun-filled activity book introducing the basic skills needed to become a doctor, packed with extras including stickers, a pull-out poster, a game and a press-out model.

Gerald McCloy is sent home from school because he can only speak in sounds and not in words.

Packed with activities, quizzes and skill tests; includes stickers, a model, a poster and a game; brimming over with educational entertainment. Discover the essential skills required on the way to becoming a scientist in this innovative activity book. Packed full of great illustrations, fun facts, and absorbing activities, Scientist Academy introduces and then guides young readers through five different types of scientists--laboratory scientist, investigative scientist, space scientist, earth scientist, and life scientist. Practical projects, each carefully designed to introduce the types of skills required by the different real-life scientists, help kids pick up the basics in a fun, hands-on way. Create a pendulum, investigate a crime scene, uncover some fossils, and study the solar system--the sky's the limit!

A reassuring, cheery book about going to the doctor by the highly successful team that gave us I ' m a Big Brother and I ' m a Big Sister

No matter where we are in our journeys through life, all of us will inevitably encounter something about ourselves--a thought, a belief, or a behavior--that needs to change. Dr. Michael E. Frisina relies on his experience as a pastor, teacher, and leadership expert to share key truths from the Holy Bible and practical tools that will empower anyone seeking change to part ways with old habits, thoughts, and emotions and attain a life of spiritual transformation. Within biblical and guiding principles that frame the foundation for creating and sustaining an abundant life in Jesus Christ, Dr. Frisina teaches others how to: rely on a physical connection that creates inner peace and inspired thinking; control thoughts to manage behavior choices; change beliefs and behavior to change circumstances and outcomes; manage emotions to obey the command to "be anxious for nothing"; improve communication and create emotional connections with others; and develop and sustain highly effective relationships with others, God, and yourself. Are You Ready to Change? offers guidance, tools, and principles that teach how to realize self-awareness, break old habits, and use biblical models to embark on a personal transformational journey into the character, image, and likeness of Jesus Christ."

A step-by-step program that shows parents, simply and clearly, how to teach their child to read in just 20 minutes a day.

Start learning the basics required to become a veterinarian with this unique activity book. The crucial topics are covered--from examining incredible animal anatomy, mastering key observation skills, and learning the importance of vital tasks such as vaccination, to understanding the basics of animal care, recognizing how to differentiate between species, and exploring the three main veterinary fields: pet vet, farm vet, and zoo vet. Packed full of fun craft activities, cool quizzes, and super skill tests, young readers will be amazed and inspired. Once kids have worked their way through the book, they can delve into the Vet Kit section, which contains all sorts of goodies--stickers, a poster, game, and game cards to play with friends.

The health and fitness industry is huge, highly competitive, and often confusing to navigate. This one-of-a-kind book helps you make sense

Read Book Doctor Academy Are You Ready For The Challenge

of the chaos, laying out a clear roadmap for career success—for both established professionals and anyone just getting started. With thousands of certifications, seminars, websites, and gurus promising advice, it's difficult for even the best pros to turn their passion for health and fitness into meaningful—and measurable—success. Enter Change Maker. In this definitive career guide, John Berardi—co-founder of Precision Nutrition, founder of Change Maker Academy, and one of the most successful people in the history of the health and fitness industry—shares his blueprint for becoming the ultimate change maker, one with a powerful purpose, an enthusiastic client base, and the ability to fund your own ideal lifestyle. Whether you're new to the industry and looking for a head-start, or you're already an expert but need a fresh approach, consider this your go-to career guide. With six helpful steps, this book covers the range of logistical, financial, psychological, and practical issues that every health and fitness pro needs to know, including how to:

- Choose your specialty based on your unique strengths
- Identify what your clients really want and deliver it every time
- Build new relationships and become a next-level coach
- Get new clients, make more money, and manage a thriving business
- Nurture and protect your most precious asset, your reputation
- Create a life-long, growth-oriented continuing education plan

If you work as a trainer, nutritionist, functional medicine doctor, group instructor, rehab specialist, or health coach—or you eventually want to—this step-by-step guide will help you turn your passion for health and fitness into work you find joy in, your clients into raving fans, and your career into something powerful, meaningful, and change-making.

So you really love animals... what would it really be like to be a vet and work with animals every day? Let's find out if you have what it takes...
