Excel Test Skills - Selective Schools and Scholarship Tests Years 5-6 is a comprehensive study guide for the selective schools and scholarship tests (usually undertaken in Year 6). The book contains sections on all four types of tests - Maths, English, General Ability and Written Expression - so students can prepare for exams with a minimum of stress and maximum results. In this book your child will find: an introductory section on how best to prepare for selective schools and scholarship examinations hundreds of practice questions for Mathematics, English, General Ability and Written Expression answers to all multiple-choice questions explanations that outline the thinking skills required for each question a complete trial test paper

The aim of Excel Test Skills - Selective Schools & Scholarship Tests Skills & Strategies Years 5-6 is to identify, develop and practise the skills useful in test situations, in particular the Selective Schools and Scholarship Tests. Recognition of these skills and strategies, and confidence in applying them, will lead to better test results. In this book students will find: an introduction with advice to parents and students an explanation page for each skill with sample questions and strategies a page of practice test questions for each different type of skill a detailed Written Expression section on how best to compose essays in test answers to all multiple choice questions explanations that outline the thinking skills required for each question

Excel Test Skills - General Ability Tests Year 3 is the first in a four-book series for Years 3-6 which help students with the skills they need to excel in general ability tests. General ability testing covers areas such as logic, general knowledge and reasoning, and forms part of many primary school tests used throughout Australia. The book contains: sample questions covering all the main question types found in Year 3 general ability tests a section of practice questions with hints on how to answer each different type of question twelve practice tests to measure progress helpful advice for sitting general ability tests answers to all questions, plus explanations when required An amount of mystery surrounds general ability testing. This is probably because it is not an actual subject such as Science or Mathematics. General ability testing is based upon the student's ability to think and reason, but most of the questions are based on normal classroom subject matter. This practice book is intended to demystify GA tests, thereby giving the student the confidence to respond positively to the test and maximise his/her score.

Excel Test Skills - General Ability Tests Year 4 is the second in a four-book series for Years 3-6 which help students with the skills they need to excel in general ability tests. General ability testing covers areas such as logic, general knowledge and reasoning, and forms part of many primary school tests used throughout Australia. The book contains: sample questions covering all the main question types found in Year 4 general ability tests a section of practice questions with hints on how to answer each different type of question twelve practice tests to measure progress-Helpful advice for sitting general ability tests answers to all questions, plus explanations when required The first section of this book introduces the student to the types of questions he/she can expect to meet in GA tests. This is followed by twelve GA tests. This book provides the opportunity for students to maximise their speed in answering GA questions by making them familiar, and efficient with some of the types of questions they may encounter in such tests.

The aim of Excel Test Skills - Opportunity Class Tests Skills and Strategies Years 3-4 is to identify, develop and practise the skills which are useful in test situations, in particular for the Opportunity Class Placement Test. Recognition of these skills and strategies, and confidence in applying them, will lead to test success.
