Is something bugging you? Bestselling award-winner David Shannon shows the funny side of waging war against--oh no!--head lice. This book is guaranteed to make you laugh--and itch! From the opening picture of a happy, oversized louse appearing with his suitcases, you know these bugs are determined to stay, and Mom is about to go nuts! Nobody talks about them, but

they are everywhere. (Some estimate 20 million children a year host them.) Oh the shame and humiliation of having bugs in your hair! But if you go to school, or have play dates, chances are good you might meet them someday. Maybe you already have! Lucky for you, the unwelcome bugs in this story are so funny you will be laughing aloud--even when Mom attacks them with battle-tested anti-lice weapons. Shannon peppers his hilarious scenes with fun, "nitpicking" facts about these "lousy" critters and pokes fun at common denial: "It's probably ash from that volcano in Pogo Pogo." Soon the party's over--Bye bye, Little Nasties! Once again Shannon has created a fresh, highly entertaining read-aloud classic that begs to be read again and again.

Private Gardens of the Hudson Valley surveys the majestic landscape that borders the Hudson River, an area rich in history and unique garden designs. The scenery, which encompasses riverfront meadows, craggy hills, and long open valleys, is inherently dramatic. Twenty-six private gardens are presented here, chosen to establish a sense of place and to convey the romance of the landscape. John Hall's photographs give a privileged view of the life within, while Jane Garmey's warm and engaging narrative traces the development of the gardens and the great pleasure their owners take in nurturing them. As Garmey notes in her introduction, each of these gardens has been made by the owner, and special attention given to the transition between the cultivated garden and the grandeur of the larger landscape beyond. The splendid setting of the Hudson Valley encompasses an almost infinite variety of design approaches from formal and traditional to naturalistic and an equal range of scale from multiple gardens within a vast estate to charmingly diminutive spaces between historic village houses.

This work is an invitation and guide for young people to bring the realm of Heaven to earth. As children discover their identity through the revelation of the Father's love, they are released to fulfill their Royal Mission: to demonstrate the Kingdom of God by living a life of miracles. Each chapter explains and identifies the inheritance that God's sons and daughters possess, such as the Father's love, the anointing and indwelling of the Holy Spirit, faith, prayer, and the keys of power and authority. This book is not only a companion for the "journey", but also provides a meeting place for children to encounter God's presence that will transform their hearts and lives.
