Offering material on game theory and strategic behaviour, this microeconomics textbook has added chapters on game applications, systems competition, information technology and auctions.

This best-selling text is still the most modern presentation of the subject. The Varian approach gives students tools they can use on exams, in the rest of their classes, and in their careers after graduation.

From Google's chief economist, Varian's best-selling intermediate microeconomics texts are revered as some of the best in the field. And now students can work problems online with Smartwork5, Norton's online homework system, packaged at no additional charge with the Media Update Editions. In addition to online homework, the texts now include four-color graphs and new interactive animations.

The most modern and authoritative text--now with online homework

A supplemental book of problems and exercises keyed to the text. Workouts is a straightforward, proven solution for instructors who want to help students apply the tools of the course and for students who want extra practice developing these skills.

This second edition continues to present all the standard topics in microeconomics, with calculus, concisely, clearly and with a sense of humor.
