Living Organic Easy Steps To An Organic Lifestyle

I believe that living a plastic-free life may be a little inconvenient, but it IS possible. More importantly, I think it is one of the worthiest causes out there. Our planet has suffered greatly because of plastic, and if every individual doesn’t take steps to reduce this pollution, I can only fear the consequences.

Sustainable Baby Steps

12 Ways to Live More Sustainably. Every day we make choices in our lives that affect the environment, the climate and other species. From what we eat to how many children we decide to have, there’s a lot we can do to “choose wild” and reduce our environmental footprint to leave more room for wild animals and plants.

12 Ways to Live More Sustainably - Center for Biological ...

Add layers of carbon, which is composed of brown material (such as garden trimmings and leaves) with nitrogen (which is waste that is green in color, such as old leafy greens from the kitchen). After adding a few layers, top off your pile with a 4 to 6 inch layer of soil.

3 Ways to Farm Organically - wikiHow

Continually add organic matter – one of the building blocks of healthy soil, which decomposes and recycles nutrients to feed your plants. 4. Keep your soil covered, never bare. A layer of mulch, living ground cover or a short-term cover crop are easy solutions.
