Você já teve dúvidas sobre a Bíblia? Muita gente tem. Desde 1988 venho respondendo essas dúvidas às pessoas que me escrevem e agora reuni as respostas neste livro da coleção O que respondi aos que me perguntaram sobre a Bíblia. Talvez você encontre nele as respostas às suas dúvidas sobre a Palavra de Deus ou queira tê-la por perto quando fizer suas leituras da Bíblia. O que respondi aos que me perguntaram sobre a Bíblia é uma coleção de textos extraídos de cartas e emails enviados a correspondentes com respostas às dúvidas sobre a Bíblia. Os textos foram originalmente publicados no blog de mesmo nome e cobrem os mais variados aspectos do evangelho e da doutrina. Este trabalho é fruto do exercício pessoal do autor em sua leitura da Bíblia e pode ser de ajuda ao estudante da Palavra de Deus para compreender doutrinas que muitas vezes foram distorcidas pelos sistemas religiosos. Em grande parte este material representa o que o autor tem aprendido da Palavra de Deus fora dos sistemas denominacionais com irmãos congregados ao nome do Senhor e também com autores de outras épocas que congregavam assim, como J. G. Bellett, C. H. Brown, J. N. Darby, E. Dennett, W. W. Fereday, J. L. Harris, W. Kelly, C. H. Mackintosh, A. Miller, F. G. Patterson, A. J. Pollock, H. L. Rossier, H. Smith, C. Stanley, W. Trotter, G. V. Wigram e muitos outros.

Good international trade relations are a must for any modern enterprise, regardless of its size. But without a sound global market strategy, entry onto the international scene is risky and can at worst lead to a company's demise. In this book, Michael Neubert, a renowned expert in global business strategy, outlines the principles that underlie a successful international venture: development of a custom-fit internationalization strategy; selection of foreign markets and structured market entry processes; design of market growth strategies; intercultural management and international corporate management; and the carrying out of market exits. Supplemented with case studies, the tools and solutions in Global Market Strategies provide international managers with the requisite know-how for success in all markets and industries.

Conjunto de artículos sobre cuáles deben ser las competencias a desarrollar en los diferentes niveles educativos en relación con las tecnologías de información y comunicación (TIC).

This concise text focuses squarely on the issues facing marketers in an increasingly global world. It identifies several trends, linking them together, and positioning them as marketing practices that companies implement as a way of responding to the major consequences of globalization. The book also includes case studies to illustrate new practices and allow students to discuss issues of market selection, entry modes, segmentation, targeting, and positioning, as well as product, price, distribution, promotion, and corporate communication policies in a globalized world. Durand's unique approach moves beyond marketing management and strategy issues and provides students with the broader context to understand the marketing practices they'll use in the real world. This book will prove to be an essential resource for any student of marketing and international business working to stay ahead in an increasingly competitive and global industry.

Both academia and the real world are showing a vastly increased interest in international logistics. Although this book covers the entire topic, it may not contain sufficient detail to answer all questions. The topic-and the challenge is much larger than any single book can cover! A number of people helped us, and their assistance should be recognized. They include Robert L. Argentieri, Eunice Coleman, Patricia J. Daugherty, Robert Derbin, Robert Hannus, Ken Knox, Douglas Long, Eugene L. Magad, Dale S. Rogers, Robert Rouse, John Silvey, and Clyde Kenneth Walter. This book is designed for both the business world and the classroom. A separate Instructor's Manual has been prepared and may be requested on school letterhead from Chapman & Hall. International Logistics 1 Introduction This book is about international logistics and the international logistics system. International means that it will deal with transactions involving individuals or firms in more than one nation. Logistics means the organized movement of goods, services, and, sometimes, people. Logistics was originally a military term. For example, in author Tom Clancy's novel, Red Storm Rising, Russian General Alekseyev thought to himself about a battlefield situation: "The tactics ... no, amateurs discuss tactics. Professional soldiers study logistics. ",1 When one speaks of the international logistics system, he means that huge array of carriers, forwarders, bankers, traders, and so on that facilitate international transactions, trades, and movements of goods and services. Communications are important, and a logistics system includes whatever communication capability it needs.

Este libro desarrolla los contenidos del módulo profesional de Marketing Internacional, del Ciclo Formativo de grado superior de Comercio Internacional, perteneciente a la familia profesional de Comercio y Marketing. A lo largo de la obra se lleva a cabo un repaso pormenorizado de todos aquellos conceptos, técnicas y procedimientos que definen el desarrollo de las acciones de marketing en el ámbito de los mercados internacionales. En la definición del mundo actual en el que vivimos y en el que las organizaciones llevan a cabo sus actividades, un factor que, sin duda ninguna, destaca por encima del resto, es su carácter globalizado, pues las fronteras han dejado prácticamente de ser una barrera para la comercialización de productos y servicios, lo que ha permitido aumentar considerablemente el tamaño de nuestro mercado de referencia. Con el fin de ir introduciendo, de forma gradual, al alumnado en la comprensión y el aprendizaje de la materia, se comienza exponiendo las nociones básicas que justifican la importancia actual del marketing internacional, así como la influencia que, sobre su implantación, tienen tanto el entorno como las características propias de los distintos mercados en los que cada organización desarrolla, o pretende desarrollar, sus actividades comerciales. Una vez asimilada esta información por parte de los alumnos, se profundiza de forma individualizada en cada una de las políticas que componen el marketing mix de una organización a nivel internacional (producto, precio,

distribución y comunicación), tras lo cual se finaliza con la conjunción estratégica de todas ellas, que se plasma en la elaboración y el desarrollo de un plan de marketing internacional. Es importante destacar que la exposición de la totalidad de contenidos del libro se desarrolla mediante un lenguaje claro y sencillo, acompañado de multitud de ejemplos, exposiciones prácticas, imágenes, esquemas, tablas, actividades propuestas y resueltas, notas técnicas, cuadros de argot técnico e información importante y enlaces web de interés, además de prácticos mapas conceptuales al final de cada unidad que permiten el repaso de los contenidos clave antes de poner en práctica los conocimientos adquiridos a través de las actividades finales de comprobación, aplicación y ampliación. En suma, se trata de una obra totalmente revisada y actualizada que incluye las últimas novedades en relación con los contenidos formativos establecidos en la normativa vigente y que toma como elemento irrenunciable la familiarización total del alumnado con una realidad de la que forma parte y que le influye en todos los ámbitos de su vida diaria.
