The power of mindfulness is the power to examine those self-identifications and their consequences and the power to examine the views and perspectives we adopt so reflexively and automatically and then proceed to think

Mindfulness for Beginners by Jon Kabat-Zinn

Mindfulness (some use the word grounding) is characterized by meditation and relaxation techniques. The idea is to become more self-aware. You pay attention to thoughts, feelings, and sensations in that moment — without purposefully deciding whether they're good or bad, and without becoming overwhelmed or overly reactive.
