This fourth English language edition is translated from the 39 th German edition, and represents a major new edition for an international, English speaking readership. Reviews of the Previous Edition: 'Neufert's Architects' Data was the first book I bought when I started my studies in architecture. It was invaluable for me then and it is still a useful aid in my designs.'

Architects' Data: Amazon.co.uk: Neufert, Ernst, Neufert ...
Neufert's Architects' Data fourth edition is an essential reference for the initial design and planning of a building project. It provides, in one concise volume, the core information needed to form the framework for the more detailed design and planning of any building project. Organised largely by building type, it covers the full range of preliminary considerations, and with over 6200 diagrams it provides a mass of data on spatial requirements.
