Gaelic football is Ireland's native sport. Fast, physical, athletic and driven by local and national rivalries, it is a unique part of our heritage. Ray McManus and his team at Sportsfile are as passionate as all true sports fans, and have been taking photographs for over forty years. They have been at All Ireland finals, of course, but also at club matches throughout the land. With reminiscences from photographers and players alike, this book is a look back over the decades at the legendary players, matches and moments that have contributed to the narrative of one of the world's most exciting sports. A must for Gaelic Football fans wherever they are.

collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.
