**The Athena Doctrine** is not about "the end of men." In fact, in our research 81 percent of people around the world said "you need both masculine and feminine traits to thrive in today's world." This is really a book about an emergent form of leadership, where interesting creative men and women do not define or restrict themselves by the conventions of masculine structures in business and society.

## **The Athena Doctrine: What if Male Leaders Thought More ...**

The Athena Doctrine profiles a number of case studies and projects worldwide where characteristics the authors profile as typically being associated with females are being used to create better outcomes for groups. The authors argue, as I believe, that things females are typically better at can be used to benefit all of us.
