SUB TITLE:Beneath the Surface of the Old Testament

Does social justice promote Christian unity? With reference to paragraph 12 of Unitatis Redintegratio--Vatican II's declaration on ecumenism--this book argues that an emphasis on justice and unity without proper consideration of social context actually risks obscuring a clear public declaration of Christ, by having Christians uncritically accept the presumptions that underpin the sociopolitical status quo. This constitutes a failure in Christian interpretation, the crux of which is a failure in ecclesiology. Matthew John Paul Tan suggests the beginnings of a corrective with reference to works by Pope Benedict XVI, theologians such as Graham Ward, and postmodern theorists like Michel Foucault. Ultimately, Tan invites the reader to begin considering how answering this seemingly simple question will implicate not only theology, but also philosophy and political theory, as well as considering the need for the church to engage in a bolder confessional politics in place of the politics of the public square often favored by Christian and non-Christian commentators.

Despite Jesus' prayer that all Christians "be one," divisions have been epidemic in the body of Christ. Though we may think we know why this happens, Christena Cleveland says we probably don't. Learn the hidden reasons behind conflict and divisions, the unseen dynamics at work that tend to separate us from others. Here are the tools we need to build bridges.

The Thing Beneath the Thing helps readers to identify and then heal from past wounds that have kept them from reaching their full potential and the life of freedom that Jesus has promised every believer. Every driver knows the importance of avoiding potholes when navigating a route. Besides the uncomfortable bump, they can create permanent damage to vehicles. And left untended, potholes can evolve into sinkholes that endanger entire roadway systems. The same is true of our lives. We all have potholes that have been formed by pain, trauma, or choices that we've made. What do we do? Usually we find a quick fix, filling the hole with activities and even addictions disguised as culturally acceptable life choices. But before long, the hole is back, waiting to catch us off-guard, which in the end creates even more permanent damage. In The Thing Beneath the Thing, former Willow Creek Community Church lead teaching pastor Steve Carter asks the simple question, "How is life working for you?" He knows that potholes exist and that the longer we live disconnected from answering this question, the more we will fill those holes with harmful choices. The solution? Allow God to fill them with His grace and love so that we can discover the beauty of grace, peace, and wholeness He has for us. The process lies in

discovering our triggers: the setup that sets us off hideouts: where we go to escape the pain of our story insecurities: the false stories we create about ourselves narratives: the false stories we create about others grace: the place where we discover how to become whole, holy, and spiritually healthy Journey with a seasoned fellow traveler who has learned how to ask key questions that help unlock the places where we've buried things. Then dig deep, invite healing, and learn new ways to operate so that we may begin to experience the life of freedom Jesus has promised us.

NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

From pastor and New York Times bestselling author Timothy Keller comes the perfect gift for the Christmas holiday—a profoundly moving and intellectually provocative examination of the nativity story Even people who are not practicing Christians think they are familiar with the story of the nativity. Every Christmas displays of Baby Jesus resting in a manger decorate lawns and churchyards, and songs about shepherds and angels fill the air. Yet despite the abundance of these Christian references in popular culture, how many of us have examined the hard edges of this biblical story? In his new book Timothy Keller takes readers on an illuminating journey into the surprising background of the nativity. By understanding the message of hope and salvation within the Bible's account of Jesus' birth, readers will experience the redeeming power of God's grace in a deeper and more meaningful way.

Includes music.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.
