A collage-illustrated collection of poems and spirituals inspired by the life and work of civil rights advocate Fannie Lou Hamer.

Stirring poems and stunning illustrations combine in this acclaimed biography of Fannie Lou Hamer.

A sharecropper, a warrior, and a truth-telling prophet, Fannie Lou Hamer (1917–1977) stands as a powerful symbol not only of the 1960s black freedom movement, but also of the enduring human struggle against oppression. *A Voice That Could Stir an Army* is a rhetorical biography that tells the story of Hamer's life by focusing on how she employed symbols— images, words, and even material objects such as the ballot, food, and clothing—to construct persuasive public personae, to influence audiences, and to effect social change. Drawing upon dozens of newly recovered Hamer texts and recent interviews with Hamer's friends, family, and fellow activists, Maegan Parker Brooks moves chronologically through Hamer's life. Brooks recounts Hamer's early influences, her intersection with the black freedom movement, and her rise to prominence at the 1964 Democratic National Convention. Brooks also considers Hamer's lesser-known contributions to the fight against poverty and to feminist politics before analyzing how Hamer is remembered posthumously. The book concludes by emphasizing what remains rhetorical about Hamer's biography, using the 2012 statue and museum dedication in Hamer's hometown of Ruleville, Mississippi, to examine the larger social, political, and historiographical implications of her legacy. The sustained consideration of Hamer's wide-ranging use of symbols and the reconstruction of her legacy provided within the pages of *A Voice That Could Stir an Army* enrich understanding of this key historical figure. This book also demonstrates how rhetorical analysis complements historical reconstruction to explain the dynamics of how social movements actually operate.

Before the legend of Billie Holiday, there was a girl named Eleanora. In 1915, Sadie Fagan gave birth to a daughter she named Eleanora. The world, however, would know her as Billie Holiday, possibly the greatest jazz singer of all time. Eleanora's journey into legend took her through pain, poverty, and run-ins with the law. By the time she was fifteen, she knew she possessed something that could possibly change her life—a voice. Eleanora could sing. Her remarkable voice led her to a place in the spotlight with some of the era's hottest big bands. Billie Holiday sang as if she had lived each lyric, and in many ways she had. Through a sequence of raw and poignant poems, award-winning poet Carole Boston Weatherford chronicles Eleanora Fagan's metamorphosis into Billie Holiday. The author examines the singer's young life, her fight for survival, and the dream she pursued with passion in this Coretta Scott King Author Honor winner. With stunning art by Floyd Cooper, this book provides a revealing look at a cultural icon.

This book explores the life of one of Mississippi's greatest civil rights activists, Fannie Lou Hamer. Known for her daring, her brinkmanship and her impassioned speech-making, Hamer rose to prominence in the Mississippi Freedom Democratic Party, an intrepid group which tried to unseat the predominantly white Democrats of Mississippi during the 1964 Democratic National Convention. She is particularly remembered for her speech before the Credentials Committee, seeking to end all-white representation of her home state. Hamer fought her entire life to expand freedom and basic rights to African Americans in the United States.

In 1964, Fannie Lou Hamer delivered a heart-wrenching testimony before the Democratic National Convention's (DNC) Credentials Committee. In this speech, Hamer represented both the concerns of the Mississippi Freedom Democratic Party (MFDP) and the limits of American democracy when she proclaimed: "I question America. Is this the land of the free and the home of the brave where we have to sleep with our telephones off the hooks because our lives be threatened daily? Because we want to live as decent human beings, in America?" This is the speech that sent President Lyndon B. Johnson into a state of outright panic, as he diverted the media's attention away from Hamer's stinging indictment of the nation he led. This is the speech that left most Credentials Committee members in tears, forced Johnson to negotiate with the MFDP, and compelled the Democratic Party to vow they would never again seat a segregated delegation. And this is the speech that television networks, made wise to Johnson's diversionary tactics, replayed during their evening programs, thereby bringing Fannie Lou Hamer into the living rooms of Americans across the nation. As significant as the 1964 DNC speech is, this book will underscore that Hamer's testimony was but one moment within a remarkable life that spanned fifty-nine tumultuous years in the history of American race relations. For the first forty-four years of her life, Hamer lived on sharecropping plantations, all the while learning life lessons from her family, the Black Baptist religious tradition, and from the oppressive white supremacist mores surrounding her. Once Hamer's life path intersected with the mid-century Civil Rights Movement, she spent fifteen years (1962-1977) traveling from the South to the North—and even to the West Coast of Africa—advocating civil rights, economic justice, and interracial cooperation. Hamer shared the platform with Martin Luther King, Jr. and Malcolm X, who introduced her to an audience in Harlem as "the country's number one freedom fighting woman." This accessible biography will enrich public memory about Hamer by telling not only the significant story of her riveting testimony, but also by recounting a life filled with triumphs, tragedies, and accompanying lessons for contemporary audiences.

A Newbery Medalist and a Caldecott Honoree offer a glorious, lyrical ode to poets who have sparked a sense of wonder. Out of gratitude for the poet's art form, Newbery Award-winning author and poet Kwame Alexander, along with Chris Colderley and Marjory Wentworth, present original poems that pay homage to twenty famed poets who have made the authors' hearts sing and their minds wonder. Stunning mixed-media images by Ekua Holmes, winner of a Caldecott Honor and a John Steptoe New Talent Illustrator Award, complete the celebration and invite the reader to listen, wonder, and perhaps even pick up a pen.

In an astonishing unfurling of our universe, Newbery Honor winner Marion Dane Bauer and Caldecott Honor winner Ekua Holmes celebrate the birth of every child. Before the universe was formed, before time and space existed, there was . . . nothing. But then . . . BANG! Stars caught fire and burned so long that they exploded, flinging stardust everywhere. And the ash of those stars turned into planets. Into our Earth. And into us. In a poetic text, Marion Dane Bauer takes readers from the trillionth of a second when our universe was born to the singularities that became each one of us, while vivid illustrations by Ekua Holmes capture the void before the Big Bang and the ensuing life that burst across galaxies. A seamless blend of science and art, this picture book reveals the composition of our world and beyond — and how we are all the stuff of stars.

“A must-read for a deeper understanding of a well-connected genius who enriched the cultural road map for African Americans and books about them.” — Kirkus Reviews (starred review) Amid the scholars, poets, authors, and artists of the Harlem Renaissance stood an Afro–Puerto Rican named Arturo Schomburg. This law clerk’s passion was to collect books, letters, music, and art from Africa and the African diaspora and bring to light the achievements of people of African descent through the ages. A century later, his groundbreaking collection, known as the Schomburg Center for Research in Black Culture, has become a beacon to scholars all over the world. In luminous paintings and arresting poems, two of children’s literature’s top African-American scholars track Arturo Schomburg’s quest to correct history.
